

## **FASD Informational Resource with DVD and Handout Package**

In February 2010 a workshop was put on by the Complex Developmental Behavioural Conditions program at Northern Family Health Society. The workshop was filmed and two DVDs were created, they are now on sale to the public.

The DVDs include presentations on speech and language (SLP), occupational therapy (OT), nutrition, and environmental modification, all with the focus on FASD. Two DVDs have over four hours of information, as well as an information package with handouts from the workshop. Your cost is only \$50, which is to cover our production costs.

For more information or to purchase a copy of the DVD and information package please contact the Jillian Powell, Parent Support Key Worker at 250-561-2689 or [jillian@nfhs-pg.org](mailto:jillian@nfhs-pg.org)
